Agenda

- ❖ CCWIS Status update
- ❖ CONNECTIONS Deployments: Recent and Plans for 2020
- ❖ Data Exchanges
- ❖ User Experience Workgroups
- ❖ Multiple PID Workgroup update
- ❖ Noisy Alerts update
- ❖ OCFS Data Warehouse Reports (Part 2 of 2): Key Reports such as Tracked Child Roster, FASP and Candidacy
- ❖ Key DW Reports in CONNECTIONS

CCWIS status update

- Still awaiting federal guidance on financial reconciliation requirement
- 9/30/19 CCWIS Executive Steering Committee: Move forward with CCWIS
 - **Focus on user experience** – how can we make CONNECTIONS easier, more intuitive, supportive of business processes and information needs
 - **Continue planning bidirectional data exchanges** – 12/4 CCWIS Webinar will be a report out on discussions to date. Technical planning is in progress.
 - BICS/IES Financial Management module interface
 - If we need to reconcile to direct service provider level, we will need to build the capacity to collect that information (data entry and data exchange)

CONNECTIONS Deployments

- Recent
 - Mandated Reporter Letters – August 2019
 - Uploads – 2nd Pilot started July 2019; slow roll-out; early 2020 statewide
 - Placements – Pilot Sept 2019; October 18th statewide (mandatory)
- Plans for 2020
 - DOH Medicaid Claims (previously called Health Passport) – January 2020
 - Family First Prevention Services Act (FFPSA)
 - AFCARS 2.0
 - Eligibility Determination (IVE, EAF, Title XX below 200%, State Charge, Candidacy)
 - At-a-Glance Info (Console, Heads-Ups, Prompts, Watch List, Keep Tabs, previously called Dashboard, any other ideas?)

Data Exchanges

- Have been working with ITS on architecture, standards
- Monthly CCWIS/COFCCA/ACS data quality workgroup meetings: report out at next CCWIS Webinar 12/4/19, then will open to others
- Starting recruitment process to hire dedicated resource(s)
- Design work, pilot in 2020

User Experience (UX) Workgroups

3-pronged approach: internal (ITS/OCFS), user experience design team review, and **external (CONNX Users)**

That's You!

UX Workgroups made up of caseworkers and line supervisors:

- INV, Foster Care/Services, FAD - where are most issues?
- Progress Notes – most used feature, 1M notes/month
- Ideas to get us started: Mobility, At-a-Glance Info, Easier Navigation, Window instructions/guidance
- How can we reduced the need for separate tracking sheets/systems?
- Observations

Multiple PID Workgroup update

The workgroup, which includes 15 local district staff from 13 different counties, had their first meeting on 10/3/19!

The primary goals of the workgroup are to:

- identify opportunities to reduce the creation of multiple PIDS through system automation in CONNECTIONS,
- improve the MPID Report content and format so it can better support the clean-up process, and
- develop training and support models to reduce the incidence of multiple PIDS and facilitate resolution when needed.

Multiple PID Workgroup update

The workgroup is first looking at business processes used by MPID workgroup participants. We will use this to establish a best-practice framework to be used by all MPID specialists across NYS.

The next step will be to look at existing training and reference materials in this area and use them to develop a guide to be used by all users of CONNECTIONS.

Multiple PID Workgroup update

We want to ensure that each district has at least two staff who work with the multiple PID workload.

Soon we will be reaching out to all district staff who deal with multiple PID matters to inform them of the workgroup and the work that is being done.

Multiple PID Workgroup update

OCFS contacts for Multiple PID matters:

Noisy Alerts update

OCFS is looking at how noisy alerts are being used. To gather this data, we sent out a survey on 9/4/19.

- 45 Districts responded to the survey-thank you!
- Some districts expressed interest in opting-in to noisy alerts or adding another method of contact.
- An informational meeting and Q&A session will be scheduled for mid-November.

OCFS Data Warehouse (DW) (Part 2)

Outline from Last Presentation (9/11/19)

- What is the OCFS DW?
- How to get access to DW?
- Demonstrate logging into DW
- Sample of reports available
- Demonstrated few key reports
 - In care summary, admissions and discharges
 - Family First Reports

Outline Today

- Some additional resources
- Sample reports
 - Program choice reports
 - FASP reports
 - Candidacy reports

Program Choice Reports

Who are the children the county served during a specified period?

- Tracked child roster report provides a list of all children that had any program choice during a period
 - You would specify county/agency
 - Select unit and stage type
 - CCR --Child Case Record (child only case document case activities for a legally freed child)
 - CWS –Child Welfare Services
 - Program choices
 - Daily refresh

Where is the tracked child roster located?

The screenshot shows a SharePoint library interface. The breadcrumb path at the top is "OCFS Da ... arehouse > Child Welfare S ... Reports > Tracked Children Reports". The list of items includes:

- Tracked Child Roster (LDSS) 8/15/2019 3:10 PM

•Provide information on child name, person ID, CIN, gender, date of birth, race/ethnicity, program planning goal and program choices (upto 3)

Provide information on WMS ID, Case Name, Case Initiation Date, Stage ID, Stage Type, Stage Start Date and Unit ID

Difference between in care summary and tracked child roster?

- Two different data sources
- Connections activity module:
 - **In care summary** provides a list of children that were in foster care at **a point in time**
- Connections program choice:
 - **Tracked child roster report** provides a list of ALL children that had any program choice **during a period**
 - Source for program choices other than placement
- Numbers should be close in both for children in foster care; differences due to data entry

Family Assessment and Service Plan (FASP) Reports

Where are FASP reports located?

- Dedicated folder

The screenshot displays the IBM Cognos Analytics interface. At the top, the header reads "IBM Cognos Analytics" on the left and "Welcome" with a dropdown arrow on the right. A left-hand navigation menu includes "Home", "Search", "My content", and "Team content". The main content area shows a breadcrumb trail: "Team content > Global Reports > OCFS > OCFS Data Warehouse > FASP Reports". Below this, three folders are listed: "Details" (dated 11/1/2010 4:43 PM), "Local Districts and Regional Offices" (dated 8/30/2016 2:26 PM), and "Voluntary Agencies" (dated 5/2/2013 9:16 AM). A green circle highlights the "Team content" option in the left navigation menu.

Candidacy Reports

What are candidacy reports?

- For federal reimbursement need to identify children at risk of entering foster care (candidacy)
- These children need to meet a set of criteria
- A determination required for children receiving protective and preventive services
- Re-determination every 6 months for those determined to be candidates
- First set of reports identify children determined to be candidates
- Due and overdue reports in progress

Where are they located?

- A separate folder
- Only for LDSSs right now
- Date filter to identify determinations during a certain period of time
