Transmittal No: 92 LCM-83

Date: May 28, 1992

Division: Income Maintenance

TO: Local District Commissioners

SUBJECT: COPE (College Opportunity to Prepare for Employment) Survey

ATTACHMENTS: COPE Questionnaire - available on-line

The Department is currently negotiating an agreement with SUNY to develop a new program called COPE (College Opportunity to Prepare for Employment). SUNY funds will act as the match for federal JOBS funds, so that COPE will serve ADC JOBS participants in JOBS activities. COPE providers will include community colleges, schools of technology, and 4-year colleges which provide 2-year degree programs.

A specific program design for COPE has not yet been defined. We would like to take this opportunity to solicit your ideas, expertise and suggestions to guide the planning process. It is clear that a broad array of educational and job training programs already exist for ADC JOBS participants in most communities. The Department's objective is that COPE not become a duplication of those services already available. Rather, our intent is that COPE be designed with sufficient flexibility to be truly responsive to local needs and fill the service gaps that exist. For this reason, we ask that you complete the attached questionnaire to provide information on current college programs and on the types of services you would find valuable.

Please complete the questionnaire by June 19, 1992 and mail it to:

COPE Coordinator
Bureau of Employment Programs
40 N. Pearl Street - 7B
Albany, NY 12243

Questions concerning this questionnaire or the COPE program should be addressed to Elaine Inman at 1-800-342-4100, extension 4-9101.
