Enclosed are materials distributed by Health & Long Term Care, Services and Community Development and Local Financial Operations at the October NYPWA Committee day meeting. The bar charts distributed by Health & Long Term Care depict Medicaid expenditures for physicians' services in clinics versus doctors' offices. The State Foster Care Cap Worksheets distributed by Local Financial Operations are county specific and are included only in the packages for those districts that were not represented at the meeting. If the district was represented, that district's copy was received by the representative in attendance.
