Federal and Local Priorities (Required)**I. Reasonable Distance**

Define “reasonable distance” based on community standards for determining accessible child care.

1. The following defines “reasonable distance”: The following defines “reasonable distance”: The total travel time between the home and work would not exceed one hour each way with child care drop-off and pick-up time included. Exceptions will be considered on a case by case basis.

III. Family Share

“Family Share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the district 25%.

Note: *The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).*

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 125% of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.
 - a. Very low income as defined in Section IV: Rank 1 Rank 2 Rank 3
 - b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care: Rank 1 Rank 2 Rank 3

Case Openings, Case Closings, and Waiting List (Required)

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. Check only **ONE** of the options listed below and describe the process for opening.

1. Open based on **FIRST COME, FIRST SERVED**.
2. Open based on **INCOME**. Check one of the boxes below:

ALBANY COUNTY – 2017 APU

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Check only **one** of the options for closing listed below and describe the process for closing.

APPENDIX M #3

Fraud and Abuse Control Activities and Inspections (Required)

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

We will follow criteria as established under the state Front End Detection System (FEDS) mandate and other optional indicators as guidance to identify possible instances of fraud. These indicators include:

- Financial obligations are current, but stated expenses exceed income without a reasonable explanation
- Working off the books (currently or previously)
- Supported by loans or gifts from family/friends
- Self-employment with no adequate business records to support financial assertions
- No documentation to verify identity or documentation of identity is questionable
- Documentation or information provided is inconsistent with the application, such as different names used for signature, invalid Social Security number
- Post Office box used as a mailing address without a reasonable explanation, i.e.: high crime area
- Prior history of denial, case closing or overpayments resulting from an investigation
- Application is inconsistent with prior case information
- No absent parent information or information is inconsistent with the application or previous applications

Cases having any of the state mandated or optional indicators will be referred via the Agency's existing FEDS referral process. This Agency's Fraud staff will, as deemed appropriate, investigate by conducting home visits and/or office interviews. Outcomes on all FEDS referrals will be reported back to the Day Care staff prior to the case opening. Based on the investigator's findings, the Day Care worker will determine eligibility.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

A sampling of all cases in receipt of a child care subsidy will be reviewed for actual hours of engagement compared to the actual hours billed by the day care providers. The sample will be based on the current unduplicated caseload. To comply with a statistically valid and representative sampling each month we will select 25 cases randomly (300 cases annually) to be reviewed in this area.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

ALBANY COUNTY – 2017 APU

We will select a sampling from our district day care providers for comparison of inspection forms for providers enrolled in the Child and Adult Care Food Program (CACFP) to the actual attendance billing forms in order to verify consistency that the children reported in care under the CACFP were billed appropriately for subsidy. The providers selected for the sample will be based on the current total of all providers participating in the CACFP which is presently 78. To achieve a statistically valid and representative sampling we will select 55 cases annually to be reviewed in this area.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district’s jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: *The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is “not applicable” to the specific provider/person named on the referral list.*

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

- a. The district will not apply this additional local standard when the applicable person *resides* outside of the subsidy-paying district.
- b. The district will not apply this additional local standard when the *program’s site of care is located outside* of the subsidy-paying district.
- c. The district will not apply this additional local standard when *the informal provider is younger than 18 years* of age.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

- Local social services staff
Provide the name of the unit and contact person: Day Care Division, Alice Geel
- Contracted agency
Provide the name of the agency and contact person:

4. Are there any fees or other costs associated with the additional local standard?

- Yes No

Note: *Costs associated with the additional local standard cannot be passed on to the provider.*

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been “met,” “not met”, or is “not applicable”, and monitor its timeliness. Include all agencies involved and their roles. Note that the district’s procedures must be in accordance with 12-OCFS-LCM-01.

Our district will include, in the provider enrollment package, release forms which will allow us to conduct a local criminal history check. The provider will be instructed to return the enrollment package including the signed release form to the Enrollment Agency (EA). After the EA documents in CCFS that the consent form has been received,

ALBANY COUNTY – 2017 APU

per NYS OCFS policy, the Child Care Facility System will automatically generate the referral for the additional standards check to Albany County for the applicable child care program types and individual roles, specified in question # 2 above.” District Day Care staff will then initiate local criminal history checks through NYS Department of Corrections. The district will provide the information to the EA for consideration in making full enrollment decisions.

If a search results in a criminal history match, Day Care staff will provide that convictions information to the EA using the OCFS 2114 so that any discrepancies reported in the enrollment package by the potential provider can be identified and, when necessary, can be considered by the EA in making final full enrollment decisions.

The standard is “Met” when: the applicable persons cooperate with the database checks by providing accurate information to allow the criminal history search.

The standard is “Not Met” when: the applicable persons do not cooperate with the database checks providing inaccurate or falsified information hindering the ability to complete the criminal history search.

6. Indicate how frequently the additional local standard will be applied. Answer both questions.
- a. The Standard will be applied:
 - i. At initial enrollment and re-opening
 - ii. At each re-enrollment
 - b. The district will assess compliance with the additional local standard:
 - i. *During the enrollment review period*, and, the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.
 - ii. *During the 12-month enrollment period*, and, the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.

7. Describe the justification for the additional local standard in the space below.

The additional information gained through the local criminal history check will be shared with the EA to provide them with an informed background on the potential provider when making their final full enrollment decisions.
