Appendix M #1: Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities

I. Reasonable Distance for Public Assistance Recipients to Travel to Child Care and Work

Define "reasonable distance" based on community standards for determining accessible child care.

1. The following defines "reasonable distance":

The total travel time between the home and work would not exceed one (1) hour each way with child care.
care drop-off and pick-up time included. A TA recipient will not be required to travel more than one hour to find child care.

2. Describe any steps/consultations made to arrive at your definition:

The one (1) hour reasonable distance rule is based on the availability and schedules of public transportation in Albany County and in consultation with parent/caretakers.

II. Recertification Period

The district’s recertification period for low income child care cases is every:

- Six months
- Twelve months

III. Family Share

“Family Share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS) and the Child Care Time and Attendance (CCTA) system.

Family Share Percentage selected by the district:

10%

Additional Description of this Family Share Percentage:

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).

IV. Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 125% of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

   a. Very low income as defined in Section IV:

   - Rank 1
   - Rank 2
   - Rank 3

   b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care:

Albany County: Child Care
Rank 1
☐ Rank 2
☐ Rank 3

c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness:

☐ Rank 1
☐ Rank 2
☒ Rank 3

2. Does the district have local priorities?

☐ Yes
☐ No

If yes, list them below and rank beginning with Rank 4.

4. Families with ill or incapacitated parents/caretakers participating in verified therapeutic treatment or rehabilitation

5. Teen parents that need child care assistance to enable them to attend high school or an equivalency program

Appendix M #2: Case Openings, Case Closings, and Waiting List

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

☐ 1. Open cases based on **FIRST COME, FIRST SERVED**.

☐ 2. Open cases based on **INCOME**.

☐ 3. Open cases based on **CATEGORY OF FAMILY**.

☒ 4. Open cases based on **INCOME AND CATEGORY OF FAMILY**.
List below the incomes (from lowest to highest income) or income bands (from lowest income band to highest income band), and the remaining category 2 and 3 families included in 18 NYCRR §415.2(a)(2) and 18 NYCRR §415.2(a)(3) that are not federal or local priorities in the order they will be opened first.

1. Families with income between 150% and 126% of SIS (State Income Standard)
2. Families with income between 175% and 151% of SIS
3. Families with income between 200% and 176% of SIS
4. Families that fall under Appendix L

5. Open cases based on OTHER CRITERIA.

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. After the federal and local priorities, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

1. Close cases based on AMOUNT OF TIME receiving child care services.
2. Close cases based on INCOME.
3. Close cases based on CATEGORY OF FAMILY.
4. Close cases based on INCOME AND CATEGORY OF FAMILY.

List below the incomes (from the highest to lowest income) or income bands (from the highest income band to the lowest income band), and the category 2 and 3 families included in 18 NYCRR §415.2(a) that are not federal or local priorities in the order they will be closed.

1. Families that fall under Appendix L
2. Families with income between 200% and 176% of SIS
3. Families with income between 175% and 151% of SIS
4. Families with income between 150% and 126% of SIS

5. Close cases based on OTHER CRITERIA.
III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

- No
- Yes

Appendix M #3: Fraud and Abuse Control Activities and Inspections

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district’s front-end detection system.

We will follow criteria as established under the state Front End Detection System (FEDS) mandate and other optional indicators as guidance to identify possible instances of fraud. These indicators include:

- financial obligations are current, but stated expenses exceed income without a reasonable explanation
- working off the books (currently or previously)
- supported by loans or gifts from family/friends
- self-employment with no adequate business records to support financial assertions
- no documentation to verify identity or documentation of identity is questionable
- documentation or information provided is inconsistent with the application, i.e.: different names used for signature, invalid Social Security number
- Post Office box used as a mailing address without a reasonable explanation, i.e.: high crime area
- prior history of denial, case closing or overpayments resulting from an investigation
- application is inconsistent with prior case information
- no absent parent information or information is inconsistent with the application of previous applications

Cases having any of the state mandated or optional indicators will be referred via the Agency’s existing FEDS referral process. This Agency’s Fraud staff will, as deemed appropriate, investigate by conducting home visits and/or office interviews. Outcomes in all FED’s referrals will be reported back to the Child Care Subsidy staff prior to the case opening. Based on the investigator's findings, the Child Care Subsidy worker will determine eligibility.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant’s or recipient’s continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.

A sampling of all cases in receipt of child care subsidy will be reviewed for actual hours of engagement compared to the actual hours billed by the child care providers. The sample will be based on the current unduplicated caseload. To comply with a statistically valid and representative sampling each month we will select 25 cases randomly (300 cases annually) to be reviewed in this area.
3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider’s attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

We will select a sampling from our district child care providers for comparison of inspection forms for providers enrolled in the Child and Adult Care Food Program (CACFP) to the actual attendance billing forms in order to verify consistency that the children reported in care under the CACFP were billed appropriately for subsidy. The providers selected for the sample will be based on the current total of all providers participating in the CACFP which is presently 66. To achieve a statistically valid and representative sampling we will select 50 cases annually to be reviewed in this area.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections prior to subsidized children receiving care of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers/programs?

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is “not applicable” to the specific provider/person named on the referral list.

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

☐ a. The district will not apply this additional local standard when the applicable person resides outside of the subsidy-paying district.

☐ b. The district will not apply this additional local standard when the program’s site of care is located outside of the subsidy-paying district.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Appendix R: Payment to Child Care Providers for Absences

1. The following providers are eligible for payment for absences (check all that are eligible):

☐ Day care center
☐ Group family day care
☐ Family day care
☐ Legally-exempt group
☐ School-age child care

2. Our district will only pay for absences to providers with which the district has a contract or letter of intent.

☐ Yes
☐ No

3. Base Period:

☐ 3 months
☐ 6 months

4. Number of absences allowed per child during base period:

<table>
<thead>
<tr>
<th>Period</th>
<th>Routine Limits (# of days)</th>
<th>Extenuating Circumstances (# of days)</th>
<th>Total Number of Absences Allowed (# of days)</th>
</tr>
</thead>
</table>

7. Describe the justification for the additional local standard in the space below.

Relatives are not included in the new federal background checks therefore our district chooses to have the relative providers meet the additional standard of local criminal background checks to ensure the health and safety of the child(ren) they will be providing care for.
In a Month | 6 | 3 | 9
---|---|---|---
Base Period | 24 | 16 | 40

**Note:** The number of absences per month and base period selected here must match the attendance group numbers entered in CCTA.

5. List reasons for absences for which the district will allow payment:

- illness of the child(ren) or parent/caretaker (extenuating circumstance will require medical documentation)
- routine medical appointment of the child(ren)
- the child(ren) and/or parent/caretaker must appear in court or keep other appointments related to the provision of preventive, foster care, adoption or child protective services or other needs as set forth in the child services plan (extenuating circumstances require supporting documentation)
- vacation of the child or parent/caretaker

6. List any limitations on the above providers' eligibility for payment for absences:

- a child who did not begin care on the date authorized by this Agency is not considered "absent" and will not be paid for
- the district will not consider a child "absent" if the program is not open and providing care
- payments will only be made for days on which the parent/caretaker is scheduled to work or attend an approved program
- if a child was removed from care by the parent/caretaker without notice absences will not be paid
- vacation is limited to 5 absences in a base period
- a child absent for more than 5 consecutive days will only be paid for 5 absences

**Note:** Legally-exempt family child care and in-home child care providers are not eligible to receive payment for absences.

**Appendix S: Payment to Child Care Providers for Program Closures**

1. The following providers are eligible for payment for program closures:

- ✔ Day care center
- ✔ Group family day care
- ✔ Family day care
- ✔ Legally-exempt group
- ✔ School-age child care

---

**Albany County:** Child Care
2. The district will only pay for program closures to providers with which the district has a contract or letter of intent.

- Yes
- No

3. Enter the number of days allowed for program closures (maximum allowable time for program closures is five days):

   5

4. List the allowable program closures for which the district will provide payment.

   - Extenuating circumstances beyond the provider’s control, such as a natural disaster, severe weather and/or a documented emergency other than a regulatory violation that necessitates a closing
   - State, federal and/or nationally recognized holidays

   Note: Legally-exempt family child care and in-home child care providers are not allowed to be reimbursed for program closures.

Appendix T: Transportation, Differential Payment Rates, Enhanced Market Rate for Legally-Exempt Providers, Legally-Exempt Programs, and Sleep

1. Are there circumstances where the district will reimburse for transportation?

   - No
   - Yes

2. If the district will reimburse for transportation, describe any circumstances and limitations the district will use to reimburse. Include what type of transportation will be reimbursed (public and/or private) and how much your district will pay (per mile or trip). Note that if the district is paying for transportation, the Program Matrix in the Welfare Management System (WMS) should reflect this choice.

II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter “5%” or, if it chooses, a higher rate up to 15%.

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five

percent (5%) to 15 percent (15%).

<tr>

</tbody>
</table>

2. Generally, differential payment rates may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. However, if your district wants to establish a payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

III. Increased Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

1. The enhanced market rate for legally-exempt family and legally-exempt in-home child care providers who have completed 10 or more hours of training annually is a 70% differential applied to the market rates established for registered family day care. Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have completed 10 or more hours of training annually and the training has been verified by the legally-exempt caregiver enrollment agency.

- No
- Yes

2. If yes, indicate the percent (71%–75%), not to exceed 75% of the child care market rate established for registered family day care.

%  

IV. Enhanced Market Rates for Legally-Exempt Group Child Care Programs

*Answer both questions:*

1. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs that have prepared an approved health care plan and have at least one caregiver in each classroom with age appropriate cardiopulmonary resuscitation (CPR) certification and the enhanced requirements have been verified by the enrollment agency.

- No
Yes
If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.
%

2. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs when, in addition to the training required in 18 NYCRR §415.4(f), the caregiver has completed an approved course and a minimum of 15 hours of approved training annually and each employee with a caregiving role completes a minimum of 5 hours of approved training annually and the enhanced requirements have been verified by the enrollment agency.

☐ No
☐ Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.
%

If a district chooses to establish both legally-exempt group child care enhanced rates and a program is eligible for both enhanced rates, then the enhanced market rate must be based on the percentages selected for each individual market rate, up to a maximum of 87%.

V. Sleep

1. Does the district choose to pay for child care services while a caretaker that works a second or third shift sleeps?

☐ No
☒ Yes

2. The following describes the standards the district will use to evaluate whether to pay for child care services while a caretaker that works a second or third shift sleeps, as well as any limitations pertaining to payment:

In accordance with SSL 410-w(9), up to eight hours of additional child care assistance must be authorized for all eligible children in a family, as needed, in order to allow a parent or caretaker to sleep, if the parent or caretaker works non-traditional hours, is eligible for and provided with child care assistance, and has a child under the age of six and not in school for a full day.

3. Indicate the number of hours allowed by your district per day (maximum number of hours allowed is eight).

I. Child Care Exceeding 24 Hours

Albany County: Child Care
Page 24
1. Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other situations where the caretaker's approved activity necessitates care for 24 hours on a limited basis. Check below under what circumstances the district will pay for child care exceeding 24 hours.

☐ On a short-term or emergency basis
☐ The caretaker’s approved activity necessitates care for 24 hours on a limited basis

2. Describe any limitations on the payment of child care services that exceed 24 consecutive hours.

II. Child Care Services Unit (CCSU)

1. Indicate below if your district will include 18-, 19-, or 20-year-olds in the CCSU for determining family size and countable family income.

   a. The district will include the following in the CCSU (check all that apply)

      ☐ 18-year-olds
      ☐ 19-year-olds
      ☐ 20-year-olds

   OR

   b. The district will only include the following in the CCSU when it will benefit the family (check all that apply)

      ☑ 18-year-olds
      ☑ 19-year-olds
      ☑ 20-year-olds

2. Describe the criteria your district will use to determine whether or not 18-, 19-, or 20-year olds are included in the CCSU.

   This will be determined by budget and family choice.

III. Waivers

1. Districts have the authority to request a waiver of any regulatory provision that is non-statutory. The waiver must be approved by OCFS before it can be implemented. Describe and justify why your district is requesting a waiver.

IV. Breaks in Activities

1. Districts may pay for child care services for low-income families during breaks in activities either for a period not to exceed two weeks or for a period not to exceed four weeks when child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period. If your district will pay for breaks in activities, indicate below for how long of a break that the district will pay for (check one):

   Albany County: Child Care
Two weeks

Four weeks

The district will not pay for breaks in activities

2. Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low-income families are eligible for child care services during a break in activities (check all that are eligible):

- Entering an activity
- Waiting for employment
- On a break between activities
