APPENDIX G-3

III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **15 miles or 30 minutes from home; Exceptions will be made for 1) family member providing care, 2) case by case for more rural areas of county**

Describe any steps/consultations made to arrive at your definition: **Travel between Bath and Corning is approximately 25 minutes. Corning is Steuben County's "industrial center."**

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **150%** of the State Income Standard.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **10%**.

Note: Make sure the % selected here matches the % selected in Appendix F.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

Reduction in caseloads would follow this methodology, cases with income from 200%-151%, 150%-141%, 140%-131%, 130%-121%, 120%-111%, 110%-100%, and then those cases with Families with special needs children.

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

Cases will be opened in reverse order of case closings.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

Criteria will be that defined under the approved Front End Detection (FEDS) Plan as submitted by Steuben County to and approved by the OCFS Office of Audit and quality Control.

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

All subsidy recipients go through the recertification process every 6 months. All documentation is requested, including employment and income verification.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

The Director of Finance, SCDSS will receive a current list of CACFP participants from sponsor quarterly. The Director will randomly select a sampling of six per

month to review and compare the food program monitoring sheets to the subsidy time sheets with the sponsor.
